## Welcoming the CUC Norfolk Island's First Appointment!

The [Country Universities Centre Norfolk Island](#) Board has finalised its recruitment for the Centre Manager. The Board is pleased to announce that Sally-Ann Thompson has been successful in the recruitment. Sally brings extensive experience within the education sector, having previously served as Principal, Deputy Principal and Head Teacher, including her tenure at Norfolk Island Central School.

Sally has been a long-term Norfolk Island resident and has experienced firsthand the challenges that access to post-secondary education for the Island brings for families.

Sally-Ann Thompson will commence her full-time role as Centre Manager for CUC Norfolk Island on 1 September 2025. We look forward to welcoming Sally to the CUC team and are confident she will be an excellent fit for the organisation and Norfolk Island residents pursuing tertiary education through the CUC.
